Does Commodore Australia offer off-grid solar power?

Reliable Off-Grid Power. No More Blackouts! Commodore Australia will help you design and install the perfect solar power system for your rural or remote property. We've been designing and manufacturing state-of-the-art off-grid solar solutions since 2011. Outdoor or indoor installation - the choice is up to you.

What is an off-grid Solar System?

Our off-grid calculator can quickly calculate the: Learn off-grid solar system essentials with our free 2-hour online course. No Grid. No Worries. A solar power system is a self-sufficient setup that operates independently- perfect for when there's no connection to the main electrical grid.

Can a skybox be used in a grid-tie inverter?

Solar Compatible- The SkyBox can be used in off-grid as well as other alternative energy systems. It is compatible with both solar charger controllers and new or existing grid-tie inverters. No Break Supply- The SkyBox takes over the supply to the connected loads in a grid failure or when generator power is disconnected.

How do I contact solarbox Australia?
