What are the top ranked server rack manufacturers?

Also, please take a look at the list of 48 server rack manufacturers and their company rankings. Here are the top-ranked server rack companies as of December, 2025: 1. Panduit, 2. Bud Industries, Inc., 3. Data Center Resources LLC.. What Is a Server Rack? What Is a Server Rack?

What is a server rack?

Server racks come in several standards. A rack is a storage cabinet that holds equipment, and equipment that is shaped to fit into that box is called a rack-mounted server. The standard width of racks in common use today is 19 inches (482.6 mm), as defined by the U.S. Electronic Industries Association.

What are rack products?

The company's product lineup includes rack power management, rack smart card access control, rack sensor system, rack airflow, and rack KVM & screen. These products are used for network and server enclosure access, environmental monitoring, data center solutions, and power distribution. It primarily serves the computer networking products sector.
